

**A tool for 24/7 access to information.  
Whenever our customers need and wherever they are.**

### **What is Saica Connect?**

This tool is an **online portal** and also has an App version available, making it easy to access information at any time and from anywhere.

### **The Reason Why?**

Taking into account the digital world in which we live and the growing need for speed and immediateness of our customers, at Saica we have innovated to provide **a 360° digital solution.**

### **How was it designed?**

To develop the tool, we involved our customers.

Since the beginning, we were clear that we had to start by asking them what they needed in a tool like this. Thus we began to define the main functionalities of the tool, and later also tested with them.

## A revolution for customer experience

Saica Pack's tool offers an exceptional and **optimal experience**, allowing to view key business functions and providing updated information. A sample of our commitment to total **transparency**.
